## *“Science, She Says!”*

### *Award*

#### **Purpose**

The Italian Ministry of Foreign Affairs and International Cooperation (MAECI) establishes the “*Science, She Says! Award*” to recognize an outstanding junior female scientist who has remarkably contributed to the advancement of science and technology, while performing her research in one of the following regions:

Africa and the Middle East

Asia and the Pacific

**Europe**

Central and South America and the Caribbean

North America

One candidate will be selected for each of the five regions, the determining factor being the place of work for at least the last 4 years.

The first edition of the Award bestowed will take place during the Italian Scientific Attachés Conference, to be held in Padua in October 2022. All fields of science and technology will be considered. The award will consist of an engraved medal and a diploma from the Italian Ministry of Foreign Affairs and International Cooperation.

#### **Eligibility (Switzerland and the Principality of Liechtenstein)**

- The “*Science She, Says! Award*” is assigned to an outstanding female scientist for her contribution to the advancement of bilateral scientific cooperation in any field of science and technology, through their activity in one of the regions mentioned above (Europe - Switzerland and Lichtenstein):
- **The nominee should be resident in Switzerland or the Principality of Liechtenstein at least since January 1<sup>st</sup>, 2018.**
- The nomination should be submitted by an eminent scientist who is holding a leading position in a Scientific Academy, University, Research Institute or S&T Department of the Government of **Switzerland or the Principality of Liechtenstein** in which the nominee is working. Self-nominations are not eligible, nor are nominations from immediate family members. Teams are not eligible for the nomination. Qualified nominators may be:
  - Heads of University or Scientific Institutions,
  - Members of Academies of Science,

- Holders of Research Chairs,
- Full professors,
- The nominee shall be scientist with an excellent academic and/or scientific career and a recognized track record of research achievements. She should have joint publications in high impact journals and/or should have developed technologies supported by international patents, Research activities within multilateral organizations hosted in one of the regions mentioned above (**Switzerland and the Principality of Liechtenstein**) will be considered as well.
- Age limit: up to 40 years old at the time of publication of this notice.

### **Evaluation Criteria and Mode of Selection**

Nominees will be evaluated on the basis of the following criteria:

- The scientific impact of the nominee's work and research
- Relevance of the nominee's work to Italy's bilateral S&T cooperation with one the regions mentioned above (Europe - Switzerland and the Principality of Liechtenstein)
- Potential for significant, long-term collaboration
- Promotion of young researchers' mobility (incoming/outgoing) to foster the creation of bilateral research teams
- Nominee's contribution to creative/innovative collaboration models
- Nominee's capacity to create/improve contacts with the Italian research community.

The Award Committee, chaired by the Head of Office IX of the Directorate General for Cultural and Economic Promotion and Innovation of MAECI, will be composed by the Presidents and/or Representatives of the major Italian Research and Academic Institutions.
